ghibli_palette *A Studio Ghibli palette generator*

Description

These are some color palettes from Studio Ghibli films.

Usage

```
ghibli_palette(name, n, type = c("discrete", "continuous"))
```

Arguments

name	Name of desired palette.
n	Number of colors desired. All palettes now only have seven colors. All color schemes are derived from this Studio Ghibli retrospective: Studio Ghibli retrospective . If omitted, uses all colours.
type	Either "continuous" or "discrete". Use continuous if you want to automatically interpolate between colours. @importFrom graphics rgb rect par image text

Value

A vector of colours.

Examples

```
ghibli_palette("PonyoLight")
ghibli_palette("LaputaMedium")
ghibli_palette("SpiritedDark")
ghibli_palette("MarnieMedium2", 3)

# If you need more colours than normally found in a palette, you
# can use a continuous palette to interpolate between existing
# colours
pal <- ghibli_palette(21, name = "YesterdayLight", type = "continuous")
```

ghibli_palettes *Complete list of palettes*

Description

Use [ghibli_palette](#) to construct palettes of desired length.

Usage

```
ghibli_palettes
```

ghibli_palettes

3

Format

An object of class `list` of length 27.
