

# Package ‘ghibli’

September 10, 2018

**Title** Studio Ghibli Palette Generator

**Description** Colour palettes inspired by Studio Ghibli films, ported to R for your enjoyment.

**Version** 0.1.2

**Depends** R (>= 3.1)

**License** MIT + file LICENSE

**Encoding** UTF-8

**LazyData** true

**Imports** ggplot2 (>= 2.2.1)

**Suggests** knitr, rmarkdown

**RoxygenNote** 6.1.0

**VignetteBuilder** knitr

**NeedsCompilation** no

**Author** Ewen Henderson [aut, cre]

**Maintainer** Ewen Henderson <ewenhenderson@gmail.com>

**Repository** CRAN

**Date/Publication** 2018-09-10 21:00:03 UTC

## R topics documented:

ghibli_palette . . . . .	2
ghibli_palettes . . . . .	2
<b>Index</b>	<b>4</b>

---

ghibli\_palette      *A Studio Ghibli palette generator*

---

### Description

These are some color palettes from Studio Ghibli films.

### Usage

```
ghibli_palette(name, n, type = c("discrete", "continuous"))
```

### Arguments

name	Name of desired palette.
n	Number of colors desired. All palettes now only have seven colors. All color schemes are derived from this Studio Ghibli retrospective: <b>Studio Ghibli retrospective</b> . If omitted, uses all colours.
type	Either "continuous" or "discrete". Use continuous if you want to automatically interpolate between colours.

### Value

A vector of colours.

### Examples

```
ghibli_palette("PonyoLight")
ghibli_palette("LaputaMedium")
ghibli_palette("SpiritedDark")
ghibli_palette("MarnieMedium2", 3)

# If you need more colours than normally found in a palette, you
# can use a continuous palette to interpolate between existing
# colours
pal <- ghibli_palette(21, name = "YesterdayLight", type = "continuous")
```

---

ghibli\_palettes      *Complete list of palettes*

---

### Description

Use [ghibli\\_palette](#) to construct palettes of desired length.

### Usage

```
ghibli_palettes
```

*ghibli\_palettes*

3

**Format**

An object of class `list` of length 27.
